

Project Demo Planning

Date	15 July 2026
Team ID	XXXXXX
Project Name	Credit Card Approval Prediction
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Project Introduction	Explain the project objective, problem statement, and importance	2	Jayanthi Penikalapati
2	Dataset & Model	Explain the dataset, preprocessing, and Random Forest model	3	Jayanthi Penikalapati
3	Flask Web Application	Demonstrate the Home page and user input form	3	Jayanthi Penikalapati
4	Live Prediction	Enter sample applicant details and show prediction with probability and risk category	3	Jayanthi Penikalapati
5	History & Dashboard	Show prediction history, pie chart, bar chart, and CSV download	3	Jayanthi Penikalapati
6	Conclusion	Summarize the project and discuss future enhancements	1	Jayanthi Penikalapati

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain why credit card approval prediction is important and the project objective.
2	Solution Overview	Describe the dataset, preprocessing, Random Forest model, Flask application, and SQLite database.
3	Live Feature Demonstration	Demonstrate Home Page → Prediction → Risk Category → Prediction History → Dashboard → CSV Download.
4	Q&A Session	Answer questions related to the model, Flask application, dataset, and future scope.
